

Consistent Growth in Accounting Software Market G Focuses on Growth Factor by Microsoft Corporation, SAP SE, Oracle, Acumatica Inc. Zeta Software LLC, AccountMate Software Corporation

May 21, 2019 - By Global Market Research

The Global Accounting Software Market was valued at US\$ 5,715.9 Mn in 2017 and is expected to reach US\$ 11,771.6 Mn by 2025, expanding at a CAGR of +8% from 2018 to 2025.

Accounting software is a foundational technology for many companies, and as a business grows having a powerful, effective accounting solution becomes increasingly critical. Most accounting software packages offer the same basic features necessary for managing finances: accounts receivable, accounts payable, general ledger, billing and invoicing, purchase and sales orders, and reporting. Beyond basic functionality, the top accounting solutions offer additional features to give users more power, flexibility and customization.
