

## High Praise and ‘Thumbs Up’ When Clients Rated AccountMate Over Competitors

(Petaluma, CA) (July 18, 2022) It’s always a good reminder to prospective and current clients that AccountMate Software ranks extremely well compared to its competitors. In fact, in a Software Reviews’ evaluation of vendor experience and capabilities, AccountMate was rated ahead of its better-know competitors. In a Data Quadrant of Product Features and Satisfaction, it received a higher customer satisfaction percentage when compared to Sage Intacct and Microsoft Dynamics.

According to Donna DeRosa, Vice President of Marketing, “It is always high praise to be named along with other ERP competitive solutions. But it is even more satisfying is to hear that the actual clients signed on to give their ‘thumbs up’ for AccountMate. Client praise is higher than even the manufacturer saying how good their product is.” AccountMate Software Corporation definitely appreciates the support and confidence of their clients.

### **About AccountMate**

Founded in 1984, AccountMate develops and markets fully modifiable business accounting software. Systems range from single user versions to those that support hundreds of users simultaneously. AccountMate software is available for local or cloud installation. It is distributed exclusively through a worldwide channel of authorized solution providers.
