

AccountMate ClickToPay Now Available And REPAY Awarded Channel Recognition

April 21, 2023 | By Maureen Cole | Partners, ERP Payments, Online Payment Portal, B2B

When an integrated partner recognizes REPAY's delivery on that commitment, it's truly an honor.

While announcing the award, Tommy Tan, CTO at AccountMate, commented:

"REPAY has been an exemplary Vertical Partner this past year. From a revenue standpoint as well as a technology partner, they have been responsive and quick to work with us in marketing as well as development. Their fine efforts to work with us to get the ClickToPay integration completed was a prime example of the interest and follow-through we received last year."

AccountMate ClickToPay lets customers drive payments on their own time through a secure online payment portal. This is the first time that AccountMate users can allow their customers to pay on their own time entering their own payment details. It helps contribute to a better customer experience, reducing wait times to pay and granting full visibility into open payments, past due invoices, and history. [Read full blog post here.](#)
